FILLER SHAPES AND UNITS

Please note this is not a complete list for the entire project, only the units necessary for the completing the rows of the project.

Star Flowers - Half Units

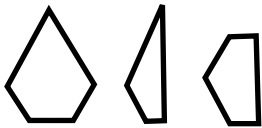

Make 4 star flower half units.

Round 1

2 full jewels

2 half jewels

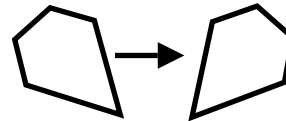

1 half hexagon

Round 2

6 jewels

3 sets of 2

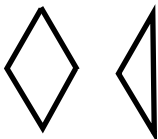

Stars - Half Units

Make 12 star half units.

2 diamonds

2 half diamonds

GUIDE FOR EDGE FILLERS

AMH EPP Project by Melissa Peda

as seen on 100billionstars.com

Totals

To complete the edge you need:

12 - Half Hexagon paper pieces

12 - 60 Degree Diamond paper pieces

6 - Half 60 Degree Diamond paper pieces (horizontal)

6 - Half 60 Degree Diamond paper pieces (vertical)

FILLER SHAPES

Please note this is not a complete list for the entire project, only the units necessary for the completing the edges of the project.

Diamonds

Make 12 diamonds.

Half Hexagons

Make 12 half hexagons.

Half Diamonds

Make 6 half diamonds (horizontal).

Make 6 half diamonds (vertical).

These shapes will complete the edges of the EPP field. Once all the pieces are sewn together, the edges will be straight.

(To mimic my quilt use 36 different prints for these pieces. This creates a scrappy look in keeping with the stars and half stars.)

More about the process and project, including lots of photos, on the blog: 100billionstars.com/blog
